

# TRANSPARENCY COMES TO THE STATEHOUSE

*2017 is the first year some committees are being broadcast (audio only) live online. They can be heard by going to [kslegislature.org](http://kslegislature.org). At almost the time the committee is to meet, click on the committee tab and then on “Standing” – a list will come for each chamber. Click the committee you want to hear and then you will see the words “Audio Stream” followed by a yellow speaker icon. Click the icon and an audio page will open up and begin to play for you when the committee begins.*

## **Committees with live audio:**
