

HELP US...HELP YOU

Every one of our chapters is doing an awesome job keeping and cultivating our momentum to create a new vision for Kansas. The Leadership Team wants to support your continued efforts to help change the face of politics in our state. Please Help Us...Help You, by replying to the following chapter summary report on a regular basis, so that State Leadership can maintain that support and highlight your phenomenal work to other chapters, which may inspire those to create new ideas for their respective work.

Please email any photos of meetings or special events, when possible, to our Communications Director at tsdesigns95@centurylink for inclusion in our newsletter and social media.

Presently, who are your board members in your local chapter?
